Hello Brian and Ameda,

Our office is currently trying to secure fencing to surround the perimeter the area of our bridge home in CD8 . We are having trouble finding available hope and lapd officers that can assist with removing the encampments that have come back in the past couple weeks in the lot right next the the St. Andrews animal shelter .

The fence is being delivered tomorrow morning at 7- 730 am .

Can either of you provide the necessary back up we need to continue with our efforts ?

Best ,

Hi Isaias,

Construction Forces has the fence installation scheduled for this Thursday, 3/21, and they need to know who the LAPD contact to coordinate. Charley Pallares is the GSD project manager for this and has direct contact with the contractor. (He is cc-ed in this email.)

Thanks,

Hi Enid,

Have we heard from the contractor on when they'll put up the fence? There are currently encampments on site that would have to be removed and we need to coordinate with LAPD.

Thanks,

Hi Fernando,

After speaking with GSD Construction Forces about this, they said they would have the contractor place a temporary construction fence up around the property. Apparently, construction of the temporary housing is to start in only a month or two and the funding for that is in place.

I will ask Construction Forces to contact their contractor and have the fence set up immediately.

Please let me know if you have any questions or concerns.

Good morning Enid,

The situation at the Animal Annex Dog Park on St. Andrews and 59th is becoming dire each day. Is there an update as to when the fencing is scheduled to be installed at this location?

Also, while we've been able to keep people from transposing and setting up tents at one of the two city lots on 59th near Western, they've succeeded in setting up multiple tents at the "dirt lot" closes to Western by cutting and pulling back the wire fencing. The HOPE team is on standby, but we'll need city staff to be ready to repair and reenforce the fencing at this location so that people can't easily reenter on to the property. I'm happy to send pictures, but let me know if you'd

like to meet at the site to determine the scope of work needed at this location too.

I'm CC'ing on this email staff from our office responsible for overseeing the Bridge Home project (Aden) as well as the Field Deputy for the area (Isaias) who get all the direct complaints n these properties.

Fernando

Hi Isaias,

Hope all is well! We see that clean up took place, but no fence was installed so the homeless are moving back in. Has the project been cancelled?

Let us know,

Cathy
